"The Vinton Record" CAMPAIGN!

We will furnish the VINTON RECORD for the coming year, (being five months), and after the fall election, for the small sum of FIFTY CENTS!

We have been to considerable expense recently in purchasing new type and printing materials for the Record; therefore, it is now incumbent upon the Democracy throughout the county to give us their united support.

Let every subscriber consider himself a committee of one, especially appointed, to secure at least ONE new subscriber to the paper, and our success will be placed beyond a peradventure.

It is a duty you owe the cause of Constitutional Liberty, that you should preserve in disseminating the true doctrine upon which our Government was founded, and which must preserve us a united, happy and prosperous people. Then, let your watchword be—

Circulate the Record!

WALLACE E. BRATTON, Publisher.

THANKS—To Hon. H. S. Bundy, M. C. for public documents received.

Hon. JOHN SHERMAN will accept our thanks for favors received.

We direct the attention of our readers to the card of Dr. Monroe in another column. Every lady in Vinton county should have this recipe.

The absence of the editor will account for the lack of local matter this week. In the meantime we, the "devil," being promoted in his absence to the position of Sub-Local, have searched the records in vain for an item, if we would entirely ignore certain little slanderous reports in circulation in reference to a matter not altogether suited to the delicate ears of the reading public. We would say, however, that if the coxswain had but done his duty, all might now be "quiet on" Main street.

The glorious Fourth passed off at this place without any demonstration whatever. It would seem from this, that our people completely ignore the necessity of celebrating this event. Not so was it with the people of our sister village, Zaleski. Judging from the Herald's report quite a lively and patriotic time was had. The "lads and lassies" tripped it on the "Light fantastic toe."

from early morn till twilight's balmy hour, at Englebury's Grove, and from "dusk till dawn" at the Lindsey house. Those of our citizens who were so fortunate as to attend the "hop" at the last named place, came home well satisfied, their mouths filled with the praises of Mine Host and his estimable lady of the "Lindsey."

PROF. TUCKER is still in town, being detained, we are sorry to learn, on account of the severe illness of his wife and child. The Professor is a good performer, and his performances are unexceptionable; therefore we are surprised to learn that the Directors who have charge of our School House Hall, refuse him the use of the Hall in which to give one of his highly entertaining and instructive exhibitions. We hope the Directors, under the circumstances, may reconsider their action in the matter, and tender him the use of the Hall during his stay in our midst.

In our notice of the opening out of a fine art gallery by Prof. A. H. WILL, in our issue of a few weeks since, we did not intend to cast any reflections upon Prof. WILL or his science. Far from it; for we consider the Professor not only a gentleman but a scholar, thoroughly conversant with the science of Phrenology—a science that has long since received the endorsement of all eminent, scientific gentlemen. But, as we are expected to be faithful chroniclers of passing events, we are under the necessity of informing the public that the room we had supposed to be occupied by Prof. WILL is really in the possession of Capt. WM. MARK, Attorney-at-Law, whose card will be found on the first page of to-day's paper.

THAT SHINGLE.—Have you seen that shingle? What shingle? Do you ask. Why, Capt. HOMER C. JONES. It is truly a curiosity. As a work of art, it has no superior in this "neck of woods," and so appropriate, too! The artist who designed and executed this marvel of simplicity and beauty combined, has covered himself all over with glory! It is to be hoped that he will open up a shop in our town, and henceforth follow the business of making shingles for a livelihood! This wonderful work of art has been stuck up on the corner of lawyer Jones' office, in WILL's building, Market street, one door South of Capt. Wm. Mark's office.

ARTESIAN WELL.—The work on the artesian well has been commenced, and, at the present rate of speed, will soon be down the requisite depth.

TOBACCO.—The tobacco crop is certainly conducive to the health and pleasure of the village, if the weeds and "dog-damn" are mowed down on the streets and vacant lots.

The Union party hold their County Convention at McArthur, Monday, August 6th, to nominate a county ticket and to appoint delegates to the Congressional Convention. Meetings will be held in the several townships on Saturday, the 4th day of August, to appoint delegates to the county Convention.

Religious services at the Christian Meeting House, in McArthur, on Saturday evening, July 14th, at early candle light; and Lord's day, in the morning at half past ten o'clock, and at 4 o'clock in the evening, by Rev. A. Turner, of Kentucky.

The attention of our readers, is directed to the advertisements of the Cincinnati Furnace Company, in another column.

ROBACK'S Blood Pills are undoubtedly the most valuable of all the Cathartic Pills offered to the public—operating by virtue of a special affinity for the mucous membrane of the bowels; being sugar coated they are especially adapted for the use of children and are unquestionably one of our most satisfactory cathartics and should be in constant use in domestic practice.

We understand that several fights came off at Prittville, on the Fourth. No doubt these were caused by the parties imbibing too strongly of the spirit of our patriotic songs of '76—or the spirit of '06—one or other.

See card of Capt. H. C. JONES, Attorney-at-Law and Claim Agent. The Capt. has his shingle out, a good "oak shingle," the boys say, at his new office, Logan street, North of J. K. WILL's residence. Give him a call if you have anything in the way of law suits, or claims against the Government.

ATTENTION!—100 DOLLARS BOUNTY.—I wish to say to all Veterans that I can now get you each a One Hundred Dollar Bount, for your credits as Veterans to your respective Townships. Attend to this at once.
J. E. A. BRATTON, McArthur, O.

ATTENTION SOLDIERIES!!!—MORE BOUNTIES!—By a late law of Congress, all Soldiers who have not received a bounty equal to \$2.33 per month during the time of service in the army or navy, are now entitled to that amount. I will attend to the collection of these claims for all who may favor me with a call.
J. E. A. BRATTON, McArthur, O.

Notice.—Those knowing themselves to be indebted to the firm of W. E. & A. W. Bratton, for subscriptions, job work and advertising, are requested to call at my office, adjoining the Record office, and settle the same without delay, otherwise their accounts will be placed in the hands of an officer for collection.
A. W. BRATTON.

ONE of the earliest French princes being too indolent or too stupid to acquire his alphabet by the ordinary process, twenty-four servants were placed in attendance upon him, each with a huge letter painted upon his stomach; as he knew not their names he was obliged to call them by their letter when he wanted their services, which in due time gave him the requisite degree of a literature for the exercise of the royal functions.

Chile, Peru, Bolivia and Ecuador are said to have formed a league to free Cuba from Spain, and an application was made to Venezuela and Colombia to join the alliance. The three first named are to furnish money, and the others men, while hopes are entertained of help from the United States by the emigration of Southerners through Florida.

GEN. SICKLES was served with a writ of habeas corpus to bring before Judge Bryan, at Charleston, Keys and others, convicted for killing two soldiers in the Andersonville District, and now in Castle Pinckney. Gen. Sickles refused to obey the writ, and a writ of attachment has been issued against the General for contempt of court.

The so-called Liberals in Mexico are talking about annexing that country to the United States.

According to Mr. Gladstone, Prussia owes \$215,000,000; Holland, \$425,000,000; Austria, 1,550,000,000; France, 2,000,000,000; Italy, 760,000,000; Portugal, 165,000,000; and Turkey, 255,000,000. According to the latest census reports, Prussia has 18,500,000 people; Holland, 3,500,000; Russia, 59,250,000; Austria, 36,000,000; Portugal, 3,500,000; and Turkey, 2,500,000. That is to say, the Prussians owe nearly \$12 per man, the Russians \$23, the Austrians over \$45, the French over \$33, the Portuguese nearly \$40 and the Turks \$15 per head of the entire population. The English owe over \$125 per head, and we owe about \$100.

A most terrible conflagration occurred yesterday in Portland, Me. It is estimated that half the city, of 35,000 people, is destroyed. Captain Inman has telegraphed for 1,500 tents to accommodate the homeless families. The fire was over an area of one and a half miles by a quarter of a mile wide. All the banks and newspaper offices were burned.

The Superintendent of Police has instructed the police force in New York not to make any arrests for violation of the Excise Law, until further orders. The City Recorder has decided the law unconstitutional.

Cincinnati Wool Market.

Reported by KING, LLOYD & McLAIR.
For the Month Ending June 1, 1866.
Ohio—Coarse, 42 to 45
Medium, 45 to 50
Fine, 50 to 55
Extra, 55 to 62
Receipts are beginning to come forward. Prices very firm. Stocks in the Eastern markets at the present time much reduced. Demand active.

We would caution our friends making purchases of wool in this country, not to be over sanguine as to future prices, basing their views on the present aspect of the market; for notwithstanding wool is said to be the lowest commodity on the market, other commodities are as likely to come down to meet the price of wool, as it is to take an upward turn to meet the prices of other articles. Woolen goods are very dull of sale, and heavy and accumulating; and while in view of making early sales, the recent temporary advance in gold and light stocks of wool eastward, are pleasant to contemplate, they might prove unprofitable if taken as a basis for purchasing with a view to selling during the summer and fall months, after wool has commenced going forward in quantity.

RING'S

VEGETABLE AMBROSIA

IS THE MIRACLE OF THE AGE.

GRAY-HEADED people have their locks restored by it to the dark, lustrous, silken tresses of youth, and are happy!

Young people, with light, faded or red hair, have these unfashionable colors changed to a beautiful auburn, and rejoice!

People whose heads are covered with dandruff and humors, use it, and have clean coats and clear and healthy scalps!

Red-headed veterans have their remaining locks tightened, and the bare spot covered with a luxuriant growth of hair, and dance for joy!

Young gentlemen use it because it is richly perfumed!

Young ladies use it because it keeps their hair in place!

Everybody must and will use it, because it is the closest and best article in the market!

For Sale by Druggists Generally.

From Hor. Warren Chase, the Lecturer.

My hair and whiskers have been many years gray. "Ring's Vegetable Ambrosia" has restored both to their original color, black and covered the baldness on the top of my head with a fine growth of black hair. I have several friends who have used it with the same results, and I cordially recommend it as one of the best medicines that will do what its labels and circulars claim for it.
